Change Log

Date	Change Description
2021-10-28	Initial release.

Introduction

This document provides information about all the log messages applicable to FortiClient 6.4.6. The logs are intended for administrators to use as reference for more information about a specific log entry and message that FortiClient generated.

FortiClient has three log types: security event, system event, and traffic. This document contains the following information:

- [Mandatory fields on page 5](#): fields that are mandatory to all FortiClient logs.
- [Log fields by type on page 6](#): fields that only apply to security event logs.
- [Log message by type on page 13](#): lists each possible log message, sorted by log type and subtype.
