2022-11-30	22.4.2	• Updated *Additional language support* sub-section of Key features on page 7. • Updated Supported browsers, platforms, and languages on page 6.

Introduction

The Fortinet Security Awareness and Training (SA&T) Service is a SaaS subscription offering. It provides customers with the ability to deploy and maintain a cybersecurity awareness training program within their company. Using the Service, customers can educate and train employees on current cyber threat, such as phishing, social engineering, and ransomware attacks, and provides tips on how to protect themselves and their company.

The Service also provides the customer with the ability to manage and track employee training progress via a central dashboard. Using the dashboard, they can monitor the training progress of their employees, as each employee progresses through the Security Awareness modules. The customer can view a full list of their employees, or focus on specific individuals.

The Fortinet Training Department uses the National Institute of Standards and Technology (NIST): Building an Information Technology Security Awareness and Training Program resource as a benchmark for development and compliance.

Platform

Admin Setup		
A	Account Management: User Accounts	
	• Validate Domain	Prove ownership of domain using TXT string validation.
	• Custom sub-domain	Admin will have the option to use default domain (*.ftnt.info) or enter custom sub-domain for their Students' Learner Portal.
B	Upload Users (Manual or .CSV or LDAP)	Use case: Add users in an organization structure either manually or bulk upload using CSV or LDAP.
C	LDAPS-AD integration support	Admin can connect AD server via LDAPS and import users.
D	Account Management: Own as well as Customer accounts (if any)	
	Contract Information	View all purchased contracts and their status in one view and provide high level snapshot of: • Contracts status (Active, Pending or Expired) • Number of licenses in use vs available • Add-ons purchased
	Customer account information (applicable for Partners)	Manage customer accounts. For all the connected sub-accounts (customers), Partner admin can: • List view of all connected accounts • Log into its customer's account directly from their own instance of SAT service
E	Authentication	
	Single Sign On (Available only with Premium profile)	Admin can work with their own IT team to setup SSO for its students by connecting to their own or external Identity provider.
	2FA	Admin can enable 2FA authentication over email.
F	Appearance	
	Co-branding (Available only with Premium profile)	Customize tenancy • Tenancy follows Resellers/Seller's branding • Admin can add/modify 'Image Settings'
	Custom-Branding (Available as add-on)	Branding can be customized by Admin.

Campaign Setup		
A	Campaign Structure Creation	Intuitive UI to create and view campaigns including: - Select/Create Programs (group of modules) to roll up to a Campaign - Setup campaign schedule - Assign training to users (by individual, department, and title)
B	Setup Reporting	Each tenant comes with standard reports (templates) that an Admin can setup for a particular campaign. - Select from available reports: - Executive (Company-wide as well Campaign level) - Manager (Employee –level) - Admin (Company-wide detailed) - Setup schedule - Select Audience - Select report format
C	Setup Remediation Actions	Each tenant comes with standard remediation rules (templates) that an Admin can setup for a particular campaign.
D	Multi language support (limited) for Reporting and Email notifications	Executive report (PDF) format and standard (uneditable) email notifications will be available in the end-user's preferred language (Spanish, Brazilian Portuguese and French).
E	Certificate of completion	Every learner will receive a certificate of completion upon completion of each training campaign.

Monitoring and Reporting		
A	Monitoring dashboard	Intuitive UI view campaign Training as well as Phishing campaign.

Assets		
A	Marketing assets	Admins will have access to following marketing assets: - Banners - Tip sheets - Screensavers - Nano videos - Posters Email & Reminders
