FortiCloud Services 26.1 Release Notes

This document includes release information for FortiCloud's multiple portals. FortiCloud is a single, unified login allowing access to many of your Fortinet Inc. Cloud services in one place. For more information on FortiCloud Services, see the [Fortinet Document Library](#).

What's New

New features for FortiCloud Services are included in the following releases:

- [What's New in 26.1 on page 6](#)

What's New in 26.1

FortiCloud Services version 26.1 includes the following new features and products:

What's new for Identity & Access Management (IAM)

Resource-based permission profile sections

For portals with resource-based permission capabilities, some portals, such as FortiGate Cloud, may organize related *Resources* into multiple sections when assigning access. See [Creating a permission profile](#) in the IAM guide.

What's new for Asset Management

New Marketplace offerings

Several new Marketplace offerings are available:

- FortiToken Cloud SMS licenses can be ordered in the Marketplace. See [FortiToken Cloud SMS](#) in the Asset Management guide.
- FortiToken Mobile licenses can be ordered in the Marketplace. See [FortiToken Mobile](#) in the Asset Management guide.
- Advanced services can be ordered in the Marketplace. A TAM contract is required to order advanced services. See [Advanced services](#) in the Asset Management guide.
- Professional services can be requested through a FortiCare ticket. Select the *Professional Services* Marketplace offering to redirect to ticket creation. See [Professional Services](#) in the Asset Management guide.

FortiDLP onboarding banner for BPS and Management Service

After registering a FortiDLP license for BPS or Management Service an additional banner will display with next steps. See [Registering assets](#) in the Asset Management guide.

License transfer unavailable for TradeUp

License transfer is not available for FortiToken Mobile in relation to TradeUp scenarios. See [TradeUp](#) in the Asset Management guide.

Fortidentity Cloud minimum order

The minimum order quantity of Fortidentity Cloud is 1 in the Marketplace. See [Fortidentity Cloud](#) in the Asset Management guide.

What's new for FortiCare

Professional Services

Professional Services tickets can be created in the *Tickets* page. See [Creating tickets](#) in the FortiCare guide and [Professional Services](#) in the Asset Management guide.

New products

New products included in version 26.1 are outlined in the table. Select a product name for more information on the product.
