Change Log

Date	Change Description
March 27, 2025	Initial release.

Introduction

This document provides a list of new features and changes, and product integration support information for FortiAppSec Cloud 25.1.a. Please review all sections of this document before using this service.

FortiAppSec Cloud is an advanced, cloud-native Web Application and API Protection (WAAP) platform designed to defend web applications and APIs from modern cyber threats. It delivers a unified security framework that combines cutting-edge threat intelligence, AI-driven detection, and automated response capabilities, ensuring comprehensive protection against evolving attack vectors.

- **Web Application Firewall (WAF)**

  Protects applications from OWASP Top 10 threats, zero-day vulnerabilities, and sophisticated Layer 7 attacks with adaptive security policies and real-time threat intelligence.

- **Advanced Bot Protection**

  Detects and mitigates malicious automated traffic, preventing attacks such as bot-driven scraping, credential stuffing, account takeovers, and API abuse through behavioral analysis and machine learning.

- **Global Server Load Balancer (GSLB)**

  Enhances application availability and resilience by distributing traffic across multiple data centers or cloud environments, reducing latency and ensuring business continuity.

- **Threat Analytics**

  Leverages AI-powered analytics to correlate security events across your application stack, filtering out false positives and highlighting critical incidents that require immediate attention.

What's new

FortiAppSec Cloud 25.1.a includes bug fixes for improved stability, with no new features.

Product integration and supported web browsers

This section lists the product integrations and web browsers supported by FortiAppSec Cloud 25.1.a.

Supported products for integration:

Product	Tested Versions
FortiWeb	FortiWeb 7.4.3 and later versions
FortiADC	FortiADC 7.4.3 and later versions

Supported web browsers:

- Mozilla Firefox 59 and later versions
- Google Chrome 65 and later versions

We strongly recommend you set either of the web browsers as your default web browser when working with FortiAppSec Cloud. You may also use other (versions of the) browsers, but you may encounter certain issues with FortiAppSec Cloud's Web GUI.

Resolved issues

This release has no resolved issues. For inquiries about particular bugs, please contact Fortinet Customer Service & Support.

Known issues

There are no known issues in FortiAppSec Cloud version 25.1.a. For inquiries on particular bugs, please contact Fortinet Customer Service & Support.
