| 2020-12-21 | Updated supported FortiManager version to 6.4.4 in Supported FortiManager and FortiOS versions on page 6 . |
| 2021-03-12 | Added Limitations of FortiPortal MEA on page 10 . |

FortiPortal MEA 6.0.1 Beta Release Notes

This document provides information about FortiPortal MEA version 6.0.1 Beta build 0127. FortiPortal MEA is a management extension application (MEA) that is available with some FortiManager models.

This section includes the following topics:

- [Supported FortiManager host models on page 5](#)
- [Licensing on page 5](#)

Supported FortiManager host models

For a list of FortiManager models that can host FortiPortal MEA 6.0.1 Beta management extension application, see the [FortiManager 6.4.4 Release Notes](#).

Licensing

FortiPortal MEA includes a free license. With the free license, you can manage 3 FortiGates that are managed by FortiManager.

If you want to manage additional FortiGates with FortiPortal MEA, the following license is required:

- FortiPortal VM License

Product Integration and Support

This section lists FortiPortal MEA 6.0.1 Beta support of other Fortinet products.

Supported FortiManager and FortiOS versions

This section identifies FortiPortal MEA 6.0.1 Beta product integration and support information:

| | |
|--------------|---|
| FortiManager | <ul style="list-style-type: none">6.4.4 |
| FortiOS | <p>FortiOS support is determined by FortiPortal support for FortiManager and FortiAnalyzer.</p> <p>FortiPortal supports specific versions of FortiManager and FortiAnalyzer, and FortiManager and FortiAnalyzer support specific versions of FortiOS.</p> <p>For supported FortiOS versions, refer to the release notes for the supported FortiManager and FortiAnalyzer versions on the Fortinet Docs Library.</p> |

Resolved Issues

The following issues have been fixed in FortiPortal MEA. For inquiries about a particular bug, please contact Customer Service & Support.

| Bug ID | Description |
|--------|--|
| 630521 | When adding a site, FortiPortal MEA may prompt an incorrect warning to detach devices. |
| 646597 | FortiPortal MEA is missing the Internet Service input option in <i>SDWAN Template > SDWAN Rule</i> . |
| 646625 | After changing the destination from Address to Internet Service, the SDWAN rule cannot be saved. |
| 646541 | Signatures displayed in the IPS Sensor may be displayed multiple times. |
| 646608 | FortiPortal MEA may not be able to display details for the Sandbox log. |
| 646928 | <i>Review</i> tab does not display information if the source or destination address are set as IPv6 addresses or Internet Service. |
| 619997 | When creating a static route with SD-WAN interface, users should not be required to default a gateway. |
| 647209 | When listing the devices from FortiManager, the device name may overlap with another field if the device name is too long. |
| 666768 | Device filter may not work for the SD-WAN Monitor or the Table view. |
| 666677 | FortiPortal MEA is missing column option to sort entries under SD-WAN Monitor or Table view. |
| 663423 | API call <code>fpc/api/customers/<cust_id>/installs/<install_id></code> may result in 500 error. |
| 663094 | FortiPortal MEA may return "Certificate Unknown" when connecting to the SMTP server with STARTTLS. |
| 663081 | FortiPortal MEA API does not include the "Device Manager" property required to configure tab permissions. |
| 662155 | FortiPortal MEA may show unexpected collector log messages. |
| 659480 | Under the customer configuration, in the "Policy Tab Permissions" section, the option for "DoS Policy" is listed twice. |
| 659391 | Top Countries dashboard widget may show incorrect data. |
| 657952 | Remote Server IP Address does not allow Domain Names for RADIUS. |
| 653655 | Searching radius roles is not working on the <i>Admin > Settings</i> tab. |
| 649955 | A customer user cannot filter by site on the dashboard. |
| 641451 | FortiPortal MEA may not be able to save the changes on dashboard widgets. |

| Bug ID | Description |
|--------|--|
| 590535 | FortiPortal MEA cannot connect to MySQL 8.0. |

Known Issues

The following issues have been identified in 6.0.1 Beta. For inquiries about a particular bug or to report a bug, please contact Customer Service & Support.

| Bug ID | Description |
|--------|---|
| 613938 | When creating a new WiFi SSID, it saves without any error, but no new SSID is created. |
| 614500 | SD-WAN template is not showing the rule Criteria or the default rule. |
| 615927 | User cannot update per-device SD-WAN configuration for <i>Performance SLA > Packet size value</i> . |
| 624315 | Only one device shows for devices at the same location in the SD-WAN map. |
| 626378 | Rating and Proxy option settings changed when Web filter object created from FortiManager and edited on FortiPortal MEA. |
| 631340 | Timestamps in FortiPortal MEA may not be uniform across the system. |
| 634040 | If a FortiManager has been added with the correct password, then even if it is changed to a wrong password, the poll will still succeed. |
| 637515 | FortiPortal MEA shows error when SD-WAN drill down view is not able to find SLA or interface logs. |
| 641532 | FortiPortal MEA cannot show the <i>Policy</i> tab when the site name contains special characters. |
| 645186 | When a policy package name contains a special character, FortiPortal MEA cannot install the policy package. |
| 646551 | Right click menu for FortiGuard Categories in the DNS filter profile shows invalid actions. |
| 646920 | User cannot create a policy with only IPv6 Addresses on a FortiGate 6.4 device. |
| 620619 | Installation fails when a DNS profile is created from FortiPortal MEA. |
| 671520 | Port forwarding configuration is missing for VIP. |
| 671133 | User can only select one IPS signature at a time and it becomes read-only IPS Sensor. |
| 672124 | SD-WAN Performance Status widget may not poll data based on the specified time interval. |
| 642048 | After upgrade, FortiPortal MEA may lose connection to all FortiManager or FortiAnalyzer units. Workaround: Please reboot the FortiPortal MEA. |

Limitations of FortiPortal MEA

- FortiManager devices cannot be added to the FortiPortal MEA. The management extension supports the host FortiManager only.
- The *Settings* tab in *Admin* only allows to specify the FortiPortal data storage size.
- Customer users are unable to reset the password as *Admin > Settings* is missing *Email Settings*.
- FortiPortal MEA does not support remote authentication.
- FortiPortal MEA does not support customization of the UI theme for the Administrative Web Interface and the Customer Portal Interface.
