Change Log

Date	Change Description
2016-02-22	FortiCore version 1.2.0 release.

Introduction

This document provides upgrade instructions and release information about FortiCore Version 1.2.0. Please review all sections in this document prior to upgrading your device.

This document includes the following sections:

[Product Integration and Support](#)

[Known Issues](#)

Supported models

This release covers the following FortiCore models:

- 3600E
- 3700E
- 3800E

Summary of enhancements

The key deliverable in FortiCore Version 1.2.0 is the renaming of the models:

- 6200A is renamed 3600E
- 6240A is renamed 3700E
- 6300A is renamed 3800E

FortiCore features and capabilities are described in the FortiCore Admin Guide, available at the following location:

<http://docs.fortinet.com/forticore/admin-guides>

Product Integration and Support

SDN Gateway Support

FortiCore supports any SDN Gateway that is compliant to OpenFlow version 1.3.

FortiCore product was tested primarily with the OpenDaylight SDN controller, provided by the Linux Foundation.

Web Browser Support

The FortiCore web-based administration interface supports the following browser versions:

- Mozilla Firefox version 36
- Google Chrome version 43

Other web browsers may function correctly, but are not supported by FortiCore.

Known Issues

There are no known issues in FortiCore Version 1.2.0.

High Performance Network Security
