# Change log

Date	Change Description
2022-10-28	Initial release of 7.0.5.

# FortiAnalyzer Cloud 7.0.5 release

This document provides information about FortiAnalyzer Cloud version 7.0.5 build 5966.

---

The recommended minimum screen resolution for the FortiAnalyzer Cloud GUI is 1920 x 1080. Please adjust the screen resolution accordingly. Otherwise, the GUI may not display properly.

---

# Special notices

This section highlights some of the operational changes that administrators should be aware of in FortiAnalyzer Cloud version 7.0.5.

## FortiAnalyzer Cloud 7.0 required upgrades

For FortiAnalyzer Cloud deployments on 7.0, you have two weeks to upgrade the FortiAnalyzer Cloud firmware to 7.0.5 after it is released. If you take no action, you can no longer access FortiAnalyzer Cloud. The *Enter* button is grayed out until you upgrade to the required firmware.

See [Upgrade information on page 8](#).

## FortiClient logging

When configuring logging from FortiClient to FortiAnalyzer Cloud, you must manually enter the fully qualified domain name (FQDN) of the FortiAnalyzer Cloud instance in the *IP Address/Hostname* field. It is important that this information is entered accurately to ensure your data is sent to the correct FortiAnalyzer Cloud instance.

For more information on configuring FortiClient logging to FortiAnalyzer Cloud, see the [FortiClient documentation on the Fortinet Docs Library](#).

# Upgrade information

A notification is displayed in the FortiAnalyzer Cloud & Service portal when a new version of the firmware is available. You can choose to upgrade immediately or schedule the upgrade for a later date.

Primary users can upgrade FortiAnalyzer Cloud firmware to 7.0.5 by using the FortiAnalyzer Cloud & Service portal. Secondary users can upgrade FortiAnalyzer Cloud firmware to 7.0.5 by entering the instance and going to the *System Settings* module.

For FortiAnalyzer Cloud deployments on 7.0, you have two weeks to upgrade the FortiAnalyzer Cloud firmware to 7.0.5 after it is released. If you take no action, you can no longer access FortiAnalyzer Cloud. The *Enter* button is grayed out until you upgrade to the required firmware.

---

## To upgrade firmware from the portal:

1. Go to FortiCloud (<https://support.fortinet.com/>), and use your FortiCloud account credentials to log in. The FortiCloud portal is displayed.
2. From the *Services* menu, select *FortiAnalyzer Cloud* under *Cloud Management*. The FortiAnalyzer Cloud & Service portal is displayed. An alert icon appears next to your account when a new version of firmware is available.
3. Expand your account.
4. Click *Upgrade Now* to update the firmware immediately, or click *Upgrade Later* to schedule upgrade of the firmware for a later date.

The *Upgrade Later* option is only available for two weeks after the firmware is released.

- 
5. Click *OK*.
  6. Click *Enter* to open FortiAnalyzer Cloud.

## Downgrading to previous versions

Downgrade to previous versions of FortiAnalyzer Cloud firmware is not supported.

# Product integration and support

This section lists FortiAnalyzer Cloud 7.0.5 support of other Fortinet products. It also identifies what FortiAnalyzer Cloud features are supported for log devices and what languages FortiAnalyzer Cloud GUI and reports support.

The section contains the following topics:

- [Software support on page 9](#)
- [Feature support on page 10](#)
- [Language support on page 10](#)
- [Model support on page 11](#)

## Software support

FortiAnalyzer Cloud 7.0.5 supports the following software:

- [Web browser support on page 9](#)
- [FortiOS support on page 9](#)
- [FortiClient support on page 9](#)
- [FortiMail support on page 10](#)

## Web browser support

FortiAnalyzer Cloud version 7.0.5 supports the following web browsers:

- Microsoft Edge version 98 (98.0.1108.56 or later)
- Mozilla Firefox version 96
- Google Chrome version 97

## FortiOS support

FortiAnalyzer Cloud version 7.0.5 supports the following FortiOS versions:

- 7.0.0 and later
- 6.4.4 and later because of license requirements

## FortiClient support

FortiAnalyzer Cloud version 7.0.5 supports the following FortiClient versions:

- 7.0.3 and later

## FortiMail support

FortiAnalyzer Cloud version 7.0.5 supports the following FortiMail versions:

- 7.2.0 and later

## Feature support

FortiAnalyzer Cloud version 7.0.5 provides the following feature support:

Platform	Log View	FortiView	Event Management	Reports
FortiGate	✓	✓	✓	✓
FortiClient	✓	✓	✓	✓
FortiMail	✓	✓	✓	✓

## Language support

The following table lists FortiAnalyzer Cloud language support information.

Language	GUI	Reports
English	✓	✓
Chinese (Simplified)	✓	✓
Chinese (Traditional)	✓	✓
Hebrew		✓
Hungarian		✓
Japanese	✓	✓
Korean	✓	✓
Russian		✓
Spanish	✓	✓

To change the FortiAnalyzer Cloud language setting, go to *System Settings > Admin > Admin Settings*, in *Administrative Settings > Language* select the desired language from the drop-down list. The default value is *Auto Detect*.

Russian, Hebrew, and Hungarian are not included in the default report languages. You can create your own language translation files for these languages by exporting a predefined language from FortiAnalyzer Cloud, modifying the text to a different language, saving the file as a different language name, and then importing the file into FortiAnalyzer Cloud. For more information, see the *FortiAnalyzer Administration Guide*.

## Model support

FortiAnalyzer Cloud supports the same FortiGate and FortiMail models as FortiAnalyzer 7.0.5. For a list of supported models, see the [FortiAnalyzer 7.0.5 Release Notes](#) on the [Document Library](#).

# Limitations of FortiAnalyzer Cloud

All FortiAnalyzer modules are supported in FortiAnalyzer Cloud; however, the following features are not supported or are not relevant to the FortiAnalyzer Cloud deployment at this time:

- Logging Topology
- ADOMs
- DLP/IPS archives
- High-Availability Mode
- Log Forwarding
- Fetcher Management
- Remote Certificates
- License Information and Unit Operation dashboard widgets
- Remote Authentication Server
- SAML SSO
- SNMP monitoring tool
- FortiAnalyzer Cloud cannot be used as a managed device on FortiManager.

FortiAnalyzer Cloud supports logs from FortiGate devices and non-FortiGate devices, such as FortiClient.

FortiAnalyzer Cloud can be integrated into the Cloud Security Fabric when the root FortiGate is running firmware version 6.4.4 or later.

The FortiAnalyzer Cloud portal does not support IAM user groups.

---

# Logging support and daily log limits

Information about logging support and daily log limits depends on licensing and whether FortiAnalyzer Cloud is receiving logs from FortiGate devices or non-FortiGate devices.

## FortiGate devices

FortiAnalyzer Cloud supports logs from FortiGates. Each FortiGate with an entitlement is allowed a fixed daily rate of logging. The amount of daily logs varies based on the FortiGate model. The following rates are based on the FortiAnalyzer Cloud a la carte subscription:

Form factor	FortiGate model	Total daily log limit for FortiAnalyzer VM v6.4 and later
Desktop or FGT-VM models with 2 CPU	FortiGate 30 to FortiGate 90	200MB/Day
1 RU or FGT-VM models with 4 CPU	FortiGate 100 to FortiGate 600	1GB/Day
2 RU or FGT-VM models with 8 CPU	FortiGate 800 and higher	5GB/Day

FortiAnalyzer Cloud can receive logs from FortiGate and non-FortiGate devices when you purchase an add-on license. See [Storage add-on licenses on page 14](#).

See also [Model support on page 11](#).

## Non-FortiGate devices

If the FortiCare account has any of the following add-on licenses, but no license to support logging from FortiGate devices, FortiAnalyzer Cloud can receive logs from non-FortiGate devices, such as from FortiClient:

Non-FortiGate Devices	SKU	Total daily log limit for FortiAnalyzer VM 7.0.3 and later
FortiClient and FortiMail	FC1-10-AZCLD-463-01-DD	5 GB/Day
	FC2-10-AZCLD-463-01-DD	50 GB/Day
	FC3-10-AZCLD-463-01-DD	500 GB/Day

See also [FortiClient support on page 9](#) and [FortiMail support on page 10](#).

## Storage add-on licenses

The impact of storage add-on licenses depends on whether FortiAnalyzer Cloud is receiving logs from FortiGate devices.

### FortiGate devices

FortiAnalyzer Cloud storage subscription add-on licenses are available for purchase if more GB/day are required for FortiGate devices:

- +5 GB/day (SKU FC1-10-AZCLD-463-01-DD)
- +50 GB/day (SKU FC2-10-AZCLD-463-01-DD)
- +500 GB/day (SKU FC3-10-AZCLD-463-01-DD)

With these add-on licenses added to the FortiCare account, FortiAnalyzer Cloud can receive logs from FortiGate devices and non-FortiGate devices, such as FortiClient.

### Non-FortiGate devices

If the FortiCare account has any of the following add-on licenses, but no license to support logging from FortiGate devices, FortiAnalyzer Cloud can receive logs from non-FortiGate devices, such as from FortiClient and FortiMail:

- SKU FC1-10-AZCLD-463-01-DD
- SKU FC2-10-AZCLD-463-01-DD
- SKU FC3-10-AZCLD-463-01-DD
